

ZYCLE

Electric On Road!

An electric city commuter featuring speed sensing crank. The ultimate funky urban cruiser.

Zycle is the *affordable light weight* electric bike for *easy manoeuvrability* and medium range.

It is powered by a 36 volt 250 watt Bafang motor and that will assist you in climbing hills and give you an easier and more enjoyable riding experience.

It also features the latest Samsung battery, 5 levels of pedal assist and 7 speed Shimano gears.

Equally suited to daily commuting or a relaxing ride on weekends, with the futuristic design, small frame size and low centre of gravity, it provides a comfortable seating position for all riders.
